Panasonic Factory Solutions Company of America

width layout connection

depth layout connection

modular feeder cart

Panasonic now offers Modular Feeder Carts designed to save factory floor space with dimensions of 600mm (w), 600mm (d), 1,150mm (h).

Additionally, it can be connected with just one touch on either side to match any factory layout.

The best part is that Panasonic's Modular Feeder Carts can be modified to accept the following machines:

- MSR
- MSF
- MSH series
- MCF
- MMC
- MPA series
- MV (K) (Q) series
