preventive maintenance kits

additional models listed below

Ensuring continual productivity of your Panasonic assembly equipment has become even easier with our new preventive maintenance kits.

Our design experts have included all the necessary items (pumps, belts, rollers, filters, gaskets, etc) in these kits to maintain the speed, reliability, and accuracy you need.

What's more, there's only one part number to order.

Now, that's easy.

Part Numbers for Preventive Maintenance kits based on model number (and machine hours):

SP60L PM Pkg

SP60M PM Pkg

HT 132 PM Pkg

HT 121 PM Pkg

CM202DS 3K PM Pkg
